

**SECTION II**  
**JUSTIFICATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES, AND/OR EARLY BUS REPLACEMENT**

1. Pursuant to IC 20-40-18-9(3)(A), if the School Corporation is seeking to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation.

(Attach additional sheets if necessary.) The school corporation is planning to replace a 2004, 66 passenger bus that is currently used primarily as a substitute bus. The replacement bus must be able to take the place of a larger capacity bus as needed. Therefore the school corporation is planning to purchase a 78 passenger bus. Five (5) of the school corporation's 8 current regular routes use a 78 passenger bus.

2. Pursuant to IC 20-40-18-9(4), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need.

(Attach additional sheets if necessary.)
